Fireball

E
There's a place I go (Verse)

When the work is done

A
To have some fun

And feel like number one

E
No tears in your beer

Just wanna make that clear

A
There's a big-ass fine for whining

When you're in here

B
Just sit up at the bar

And reach to the stars

E A
Fireball, Fireball (Chorus)
B
Take a shot

And crank the music up to ten

E A
Fireball, Fireball
B
I'm just gonna chalk this moment
E
Up to a win.....Fireball!

E
She's so hot

She's gonna make me sweat

A
When I twirl her around

In a little sundress

E
I'm getting lucky
